24. IV. Kraków

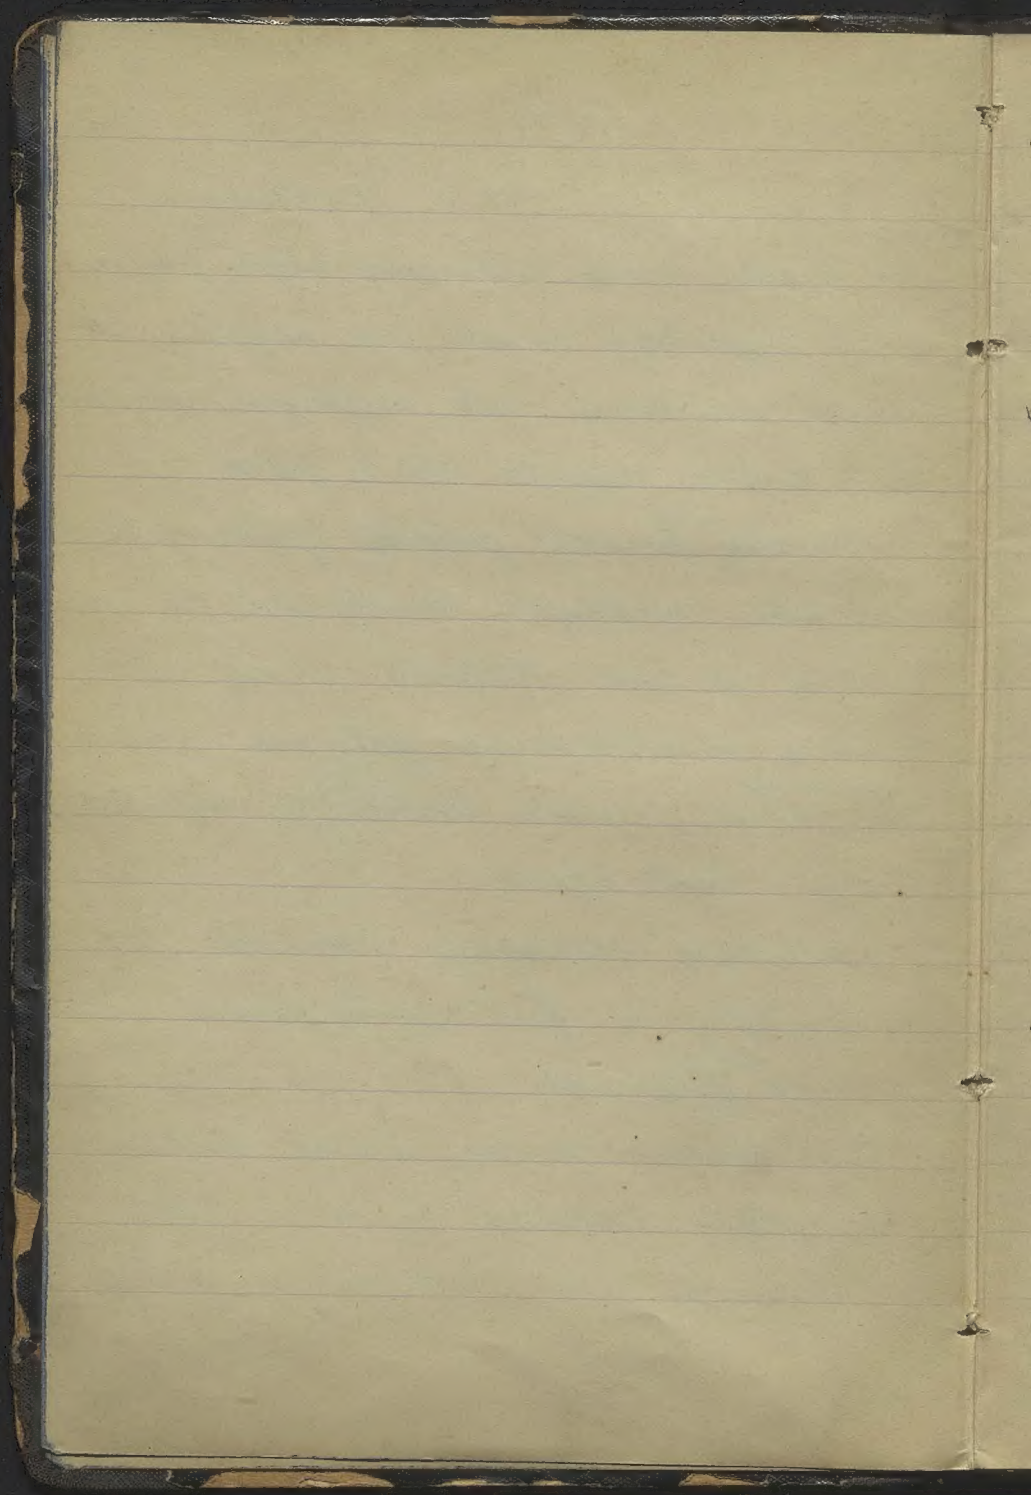

Na brach trochę zielonawo-rubych pąków,
z dala wyglądają krzaki jak osypane ja-
kiemis murekami lub zielonymi motylami.
Tu i owdzie wygląda liść z pąka.

Wierzby ^{małe} (wczoraj gązdek) podobne do
sznurków zielonych, drżące już do pa-
ciotków na nici. Niektóre iście młode
zielone nieukwicianych gązdek. Brzozy
^{mają już drobne}
~~prawy~~ kłose, zielone baze po sdrosteach,
które wiatr chwieje.

Kasztany wyciągają ramiona, jak
kandelabry, a ~~first~~ ^{first} ~~dwie~~ ^{dwie} pąki jaśnie-
ją jak ^{ogarty} ~~ogarty~~ ^{ogarty} ~~ogarty~~.

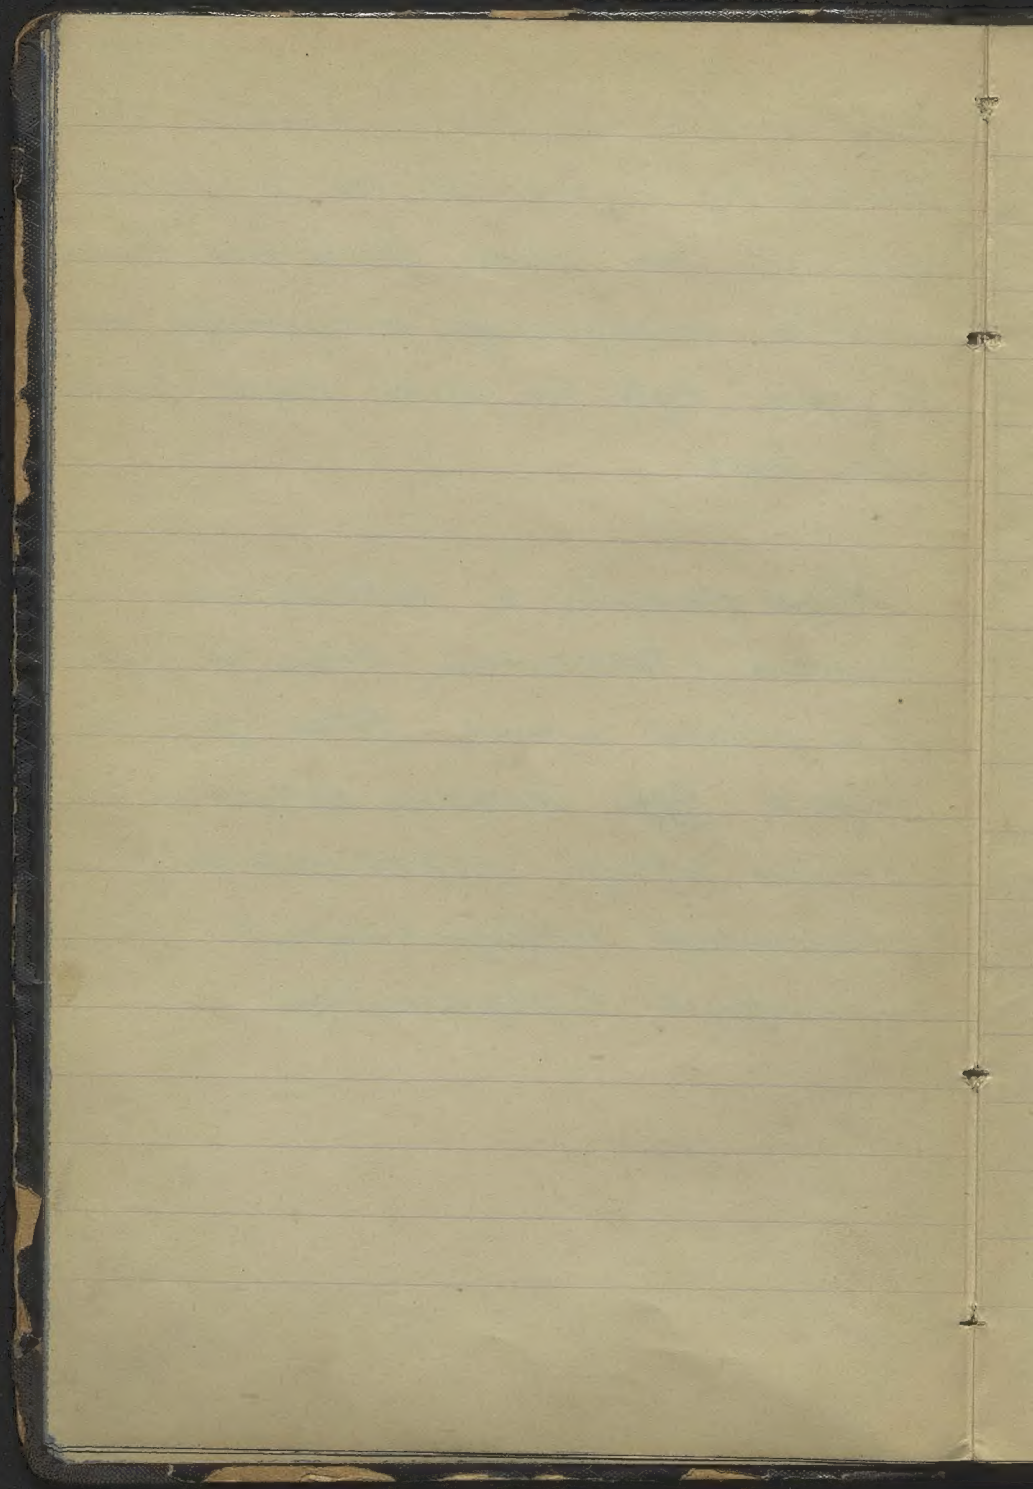

Pod pniami drzew, wśród korzeni
wybiegłych zieloność żywa i młoda.

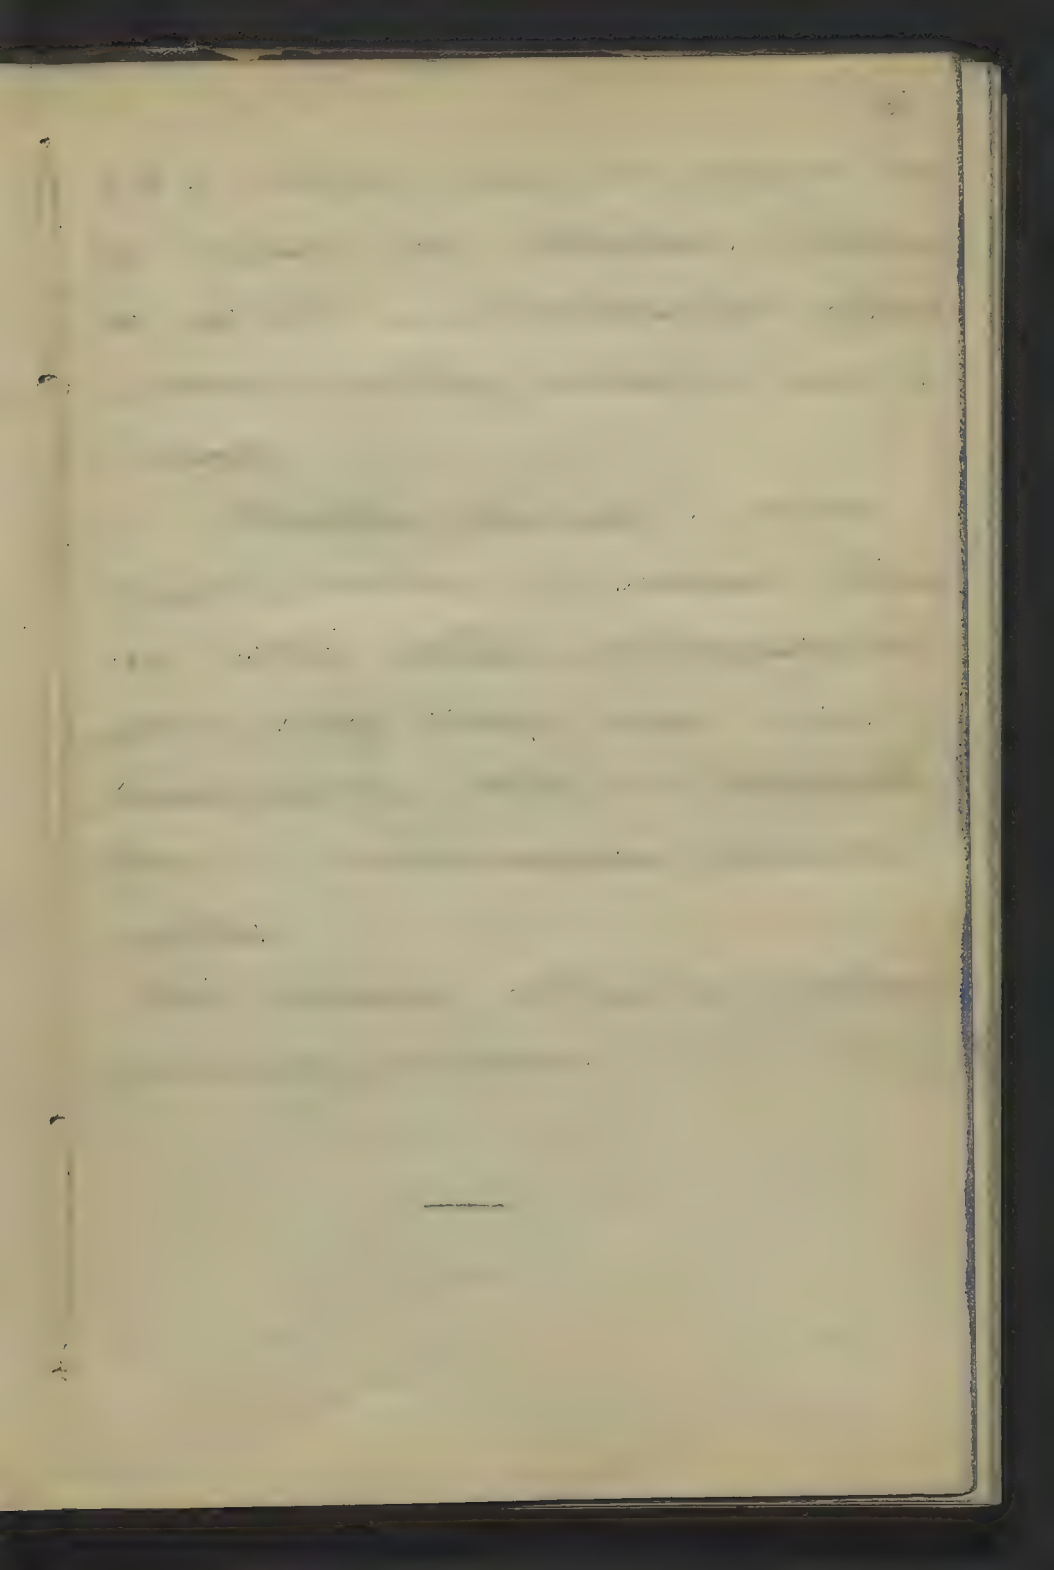

wczoraj noc cudowna o pełni;

smugi srebra na dachu katedry. Wy-
dawało się wyraźne; blizno, trochę wy-
cipta na tle lekko chmurnem. Wobec
słońca miedziowego, ancyzowego, ~~nie~~
~~to~~ cienie były na rynku szare, bezbar-
wne, białe.

Długie rozmowy z Wstkiewiczem, Pro-
trawskim i Btkaniskim, który parę go-
dzin siedział u mnie. Potem gawęda
Glogera. ~~Wstkiewicz~~ Skromny optymizm Kró-
lewskiego istnym wypożyczkiem pro-
poczymizmu inteligentniejszych i kry-
tyczniejszych Europejczyków.

The most interesting thing
 I have seen here is the
 very old and very large
 stone bridge over the river.
 It is built of large stones
 and is very old. It is
 built of large stones and
 is very old. It is built
 of large stones and is
 very old. It is built of
 large stones and is very

 old. It is built of large
 stones and is very old.

The first of these is the
 fact that the first of the
 series of the first series is
 one of the first series of the

1. The first group of people who are interested in the study of the history of the world are the historians. They are people who are interested in the past and who want to know what happened in the world. They study the past in order to learn from it and to understand the present. They write books and articles about the past and they teach in schools and universities.

Left camp at 8 AM. Went to
the river. Found a good place
to camp. The water is very
shallow. The sand is very
fine. The grass is very
green. The trees are very
tall. The sky is very blue.

The first thing I noticed
 when I stepped out of the car
 was the cold air. It was
 a relief after the heat of the car.

I walked towards the building
 and saw a group of people
 standing outside. They were
 looking at each other and talking.

I went over to them and
 introduced myself. They were
 friendly and asked me how
 I was doing.

I told them about my trip
 and they listened intently. They
 seemed to be interested in
 everything I said.

We talked for a while and
 then they went back to their
 work. I stood there for a
 moment, looking at the building.

It was a large, old building
 with many windows. It looked
 like it had been there for a
 long time.

I walked back to the car and
 got in. I started the engine
 and drove away. I felt a bit
 sad to leave.

But I knew I had to go. I
 had a long drive home. I
 thought about the people I
 had met and the things I had
 seen.

I was glad I had the chance
 to see it all. I was glad I
 had met those people. I was
 glad I had been there.
